

## SPEAKER: AMRAN HASSAN

Amran Hassan is the Head of Innovation at Maybank. He is responsible for raising the bar on innovation across the Maybank group. Amongst other programmes, he launched the regions first bank-run fintech accelerator program. Whilst keeping an eye on the latest developments in innovation and technology he continues to engage the eco-system to explore new ways for innovation to thrive. He was formally the CIO for international operations at Maybank. Prior to Maybank, he was a Partner at Accenture Sdn. Bhd., leading Technology Consulting in Malaysia and Infrastructure in South East Asia. He graduated from Imperial College, University of London.
