SIDC - CFA SOCIETY MALAYSIA 020 TALK 2019

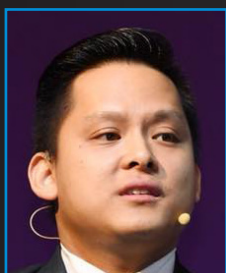

PRIVATE EQUITY AND VENTURE CAPITAL ECOSYSTEM IN MALAYSIA AND ASEAN

12 November 2019, Tuesday

Conference Hall 2 Securities Commission Malaysia
No. 3 Persiaran Bukit Kiara, Bukit Kiara 50490, Kuala Lumpur

The private equity (PE) and venture capital (VC) ecosystem in Malaysia and ASEAN has delivered a strong performance reaching record levels in recent years, and we can see the increase in number and size of startups and size of funds deploying into these companies.

With technology firms continuing to dominate the PE and VC market, what does the investors' appetite look like in light of increased valuation and rigorous competition? Has there been an increasing valuation gap and mismatch? What have the investors been doing to enhance the value of companies they invest in?

Mr Victor Chua, CFA
Founding & Managing Partner
Vynn Capital

Ms Kathleen Ng
Managing Director, Centre for Asia Private
Equity Research Limited, Hong Kong

Mr Darren Chua
ARX Committee
CFA Society Singapore
